

DEPLOYING MODERN INFRASTRUCTURE IS A SNAP!

Intel® Data Center Blocks make deploying cloud, HPC or networking infrastructures faster and easier.

BEFORE INTEL® DATA CENTER BLOCKS:

Typical modern infrastructure deployments are complex and time-consuming.

WITH INTEL® DATA CENTER BLOCKS:

Intel® Data Center Blocks reduces the trial, error and guesswork, simplifying modern infrastructure deployment and slashing time to deployment and value with pre-validated components offered as pre-configured or built-to-order solutions.

- SPEED TIME TO DEPLOYMENT
- REDUCE COMPLEXITY
- REDUCE COSTS
- FLEXIBILITY
