Adaptec® 24G Cables
Connect With Confidence

Don't Overlook Your Cable Needs

☑ **Best-in-Class Connectivity –** Designed for maximum 24G connectivity and performance

☑ **Smaller Footprint –** Reduced 0.8m length leaves additional enclosure space for easier placement and better air flow

☑ **Reliability Never in Doubt –** Our cables adhere to all industry standards for broad device reliability

☑ **Right Connection –** Multiple connectivity types of SAS/SATA, NVMe, and tri-mode cables ensure we have the cable for your storage needs

☑ **Faster Time to Market –** Thorough compatibility and performance testing with market-leading technology partners allows you to focus on your deployment

NVMe® Cables

NVMe®/SAS/SATA Tri-Mode Cables
