

# 60-day interest-free financing on Intel products

## Gain a competitive advantage with Intel Partner Financing

Intel Partner Financing, an exclusive inventory finance program with DLL, offers approved resellers 60-day interest free terms on Intel purchases through ASI.

Our inventory finance program can help you with long-term growth and financial stability. Extended terms can help match repayment to the sale of goods, allowing you to bridge the cash flow gap from when you receive payment from your customers to when you need to repay your vendors.

Resellers will have 24/7 secure access to DLL's online portal with credit line information, real-time availability, invoices, scheduled payments, and YTD volume.
